

PILOTENKUECHE

INTERNATIONAL ART PROGRAM // LEIPZIG

FUNDING GUIDE

This database of funding opportunities is an aggregate of relevant possibilities for PILOTENKUECHE residency; It is by no means exhaustive.

Participating in an artist-in-residence program costs money. The project PILOTENKUECHE is a non-profit institution, self organized by artists for artists. To cover the participation costs for our residence program we advise you to apply for funding. Please investigate the following guide.

One of the sources for the following list is www.transartists.org. We thank this platform for its amazing work to support cultural and artistic projects. We encourage you to have a look at their Artist-in-Residence funding tips, which includes many links to guides, mappings, lists and other directories. Please do your own research about which funding is best suited to you. We also encourage you to investigate starting a kickstarter campaign or crowdfunding.

We are happy to receive any information about funding opportunities, which are not listed. Feel free to contact us under info@pilotenkueche.net.

That's it – seek funding!
